Monday Mar 18, 2019

@

The Paul Pyres Community

Hall

Drop-in from 2 to 7 pm

Light refreshments will be provided!

Land Use Planning

Neqotkuk Maliseet Nation is in the process of developing a Land Use Plan, which will identify future land use in the community and develop procedures and controls to manage development in our community. This facilitated and interactive drop-in session will introduce you to the LUP policies that are being considered and allow you to ask questions and have your say on future land use in our Community!
